Vermont Resource List

These are health professionals and others with an expressed interest in vestibular disorders. We hope this list provides a useful resource. However, VEDA does not rank the people on the list or make endorsements or non-endorsements. If you experience severe dizziness or balance problems, the place to start is with your family physician or internist. You will probably need a physical examination to determine if your dizziness is caused by a problem unrelated to the inner ear. If your physician rules out these other causes, you may find this list useful.

Therapists Who Provide Vestibular Rehabilitation

Physicians and audiologists listed in other sections may also provide vestibular rehabilitation services at their clinics.

Colchester: Susan Cromwell, MS, PT
Fletcher Allen Health Care
Fanny Allen Campus, Inpatient Rehab Unit
790 College Parkway
Colchester, VT 05446; (802) 847-7713
